R.A.F. BOMBS ARMORED FORCES

Axis Attacks

Both Enemy Attacks  
On Flanks Repulsed  
With Heavy Casualties

By EDWARD KENNEDY  
CAIRO, Egypt, May 28.—(AP)—The sudden Axis of-  
fensive eastward in the Libyan desert has driven to within  
15 miles of the key British defenses stronghold of Tobruk  
despite being repulsed at both flanks. It was disclosed today.

This indicated an advance of about 30 miles past the  
British forward defense line, which stretched between Bir  
Hacheim and Ain El Gazala.

An R.A.F. communiqué revealed the depth of these  
thrusts by Marshal Erwin Rommel's German-Italian tanks.  
It said the British fighters bombed the enemy armored forces  
throughout Wednesday in the El Adem and Bir Hacheim  
areas.

El Adem is 15 miles south of Tobruk; Bir Hacheim 50  
miles southwest.

An authoritative British statement was issued later  
stating that the enemy's progress in the El Adem area was  
not of great significance and did not mean a "break-  
through," since in the nature of desert fighting there was  
no defense line in the usual sense.

Attack In Four Main Columns

An earlier British army communiqué said the Axis at-  
tacks were in four main columns, and that one directly be-  
hind Bir Hacheim and another south of Ain El Gazala, which  
is 30 miles west of Tobruk, had been repulsed with heavy  
casualties.

U.S. "Freezes"  
Labor Vital  
War Industries

WASHINGTON, May 28.—(AP)—A "freezing" of essential work-  
ers in critical war industries by their  
government jobs was announced  
yesterday by the United  
States war manpower commission  
as a severe interference with  
production.

In this far-reaching move, the  
United States employment service  
was made the "sole hiring agency  
for critical jobs in critical areas."  
There was no immediate estimate  
of the number of workers who  
would be affected, but it was ex-  
pected to run into hundreds  
of thousands, if not millions.

A communication spokesman said  
the action meant that hereafter es-  
sential workers would be "unable to  
change from one war plant to an-  
other without approval of the  
United States employment service."  
The policy will become effec-  
tive, he told newsmen, as soon as  
the proper directives can be drafted,  
"which means immediately."

He declined to discuss the po-  
ssible effects the policy might have  
on the stabilization of wages in war  
plants.

Added To Navy  
LONDON, May 28.—(AP)—A new  
Corvette manned entirely by Free  
French personnel has been added to  
the Free French navy, it was re-  
ported today.

Seeks Declaration

Premier Warns  
Buy Coal Now:  
Credit Likely

Warning that unless Alberta  
householders purchased their next  
winter coal supply during June  
they might find themselves with-  
out fuel in the winter months,  
Premier William Abernethy stated  
Thursday that wartime demand  
for Alberta coal would increase  
difficulties in domestic deliveries  
unless orders were placed before  
the end of June.

The premier stated he has received  
a communication from J. M. Stewart,  
K.C., coal administrator from the  
Warfare Prices and Trade Board  
asking him to impress upon the  
people of Alberta the urgent ne-  
cessity of ordering their fuel early.

Dealing with the question of how  
householders are going to be able to  
pay for coal delivered now, the pre-  
mier declared the question is now  
being considered by Ottawa and he  
stated that it is hoped suitable credit facil-  
ities will be provided to consumers  
to enable them to buy their next  
winter's coal supply now.

"What would you do in cold  
winter weather if you could get no  
coal?" Premier Abernethy stated  
in a statement.

"I am making an urgent appeal to  
every household in Alberta—no  
matter how small—to place their or-  
ders to buy Canada's war effort  
and to help themselves by buying  
as much as possible of their coal  
supply for next winter during the  
month of June."

GRAVITY OF SITUATION  
I have just had an urgent letter  
from J. M. Stewart, K.C., coal  
administrator from the Warfare  
Prices and Trade Board, asking me  
to impress upon the people of  
Alberta the gravity of the coal  
situation in Canada.

"In spite of the fact that we, in  
Alberta, are living on top of the  
richest coal reserves in the world,  
there is a very real danger that we  
may be faced with an acute coal  
shortage this coming winter unless  
something out of the ordinary is  
done at once."

CHEERING CONGRESS

Mexico President Asks Declaration of War

By EDWARD P. MORGAN  
MEXICO CITY, May 28.—  
(AP)—President Manuel  
Avila Camacho declared today  
that Mexico was in a state of war with the Axis  
powers and called upon Congress  
to approve a formal declara-  
tion against Germany, Japan  
and Italy.

Addressing a cheering congress  
that indicated it would give its  
approval to the declaration, Avila  
said the declaration was a  
"declaration of war against  
Germany, Italy and Japan."

STATE OF WAR EXISTS  
"Mexico would depart from her  
tradition of peaceful neutrality if  
she went to war except due to the  
violence of aggression. The state  
which the nation will find itself  
if you approve my initiative does  
not mean that Mexico will bring  
to any unjust persecution. The  
defense of the Fatherland is com-  
patible with the tradition of Mexico  
generally and neutrality."

Camacho pointed out that, to  
effect, a state of war has existed  
since the declaration of the cabinet  
May 22 to the United States and  
the United Kingdom. He said that  
Mexico would be giving quick ap-  
proval to the declaration.

Wild cheers of the deputies indi-  
cated that his request would be  
given quick approval.

"The time has come for congress  
to approve the declaration of war  
against Germany, Italy and Japan."  
He said that Mexico would be  
giving quick approval to the  
declaration.

YOUTH IS KILLED  
When Horses Bolt  
John Pullinger, 17-year-old son of  
a farmer in the Delta district, was  
accidentally killed on Tuesday  
when horses he was driving from  
the field bolted.

The boy was towing a dis-  
cussion along the road and had  
a horse bolted behind him. The  
horses were believed to have bolted  
because of the noise of the dis-  
cussion. The boy was killed when  
he was driving from the field.

Biddle Orders  
Deportation Of  
Harry Bridges  
WASHINGTON, May 28.—(AP)—  
Attorney General E. A. Tamm  
today ordered deportation of  
Harry K. Bridges, well-known  
labor leader, on the grounds of  
espionage.

TO STRENGTHEN HOLD

Duce Starts New Purge Of Party

By THOMAS HAWKINS  
BERNE, Switzerland, May 28.—  
(AP)—Mussolini has undertaken  
a sweeping new purge of the Fas-  
cist party in a drive to strengthen  
his grip on the Italian home front  
while awaiting a declaration from  
Vichy before pressing further his  
territorial claims upon France,  
according to foreign reports reach-  
ing here today.

It is understood a friend of both  
Mussolini and Laval is enroute to  
Rome with Vichy counter proposals  
to Italian claims on Corsica, Cote  
d'Ivoire and Tunisia.

These proposals were said to sug-  
gest Vichy would consent to Italian  
police supervision over some areas,  
probably including the French  
North African port of Tunis, but  
with all such territory remaining in  
French possession.

Mussolini, apparently is moving  
with caution.  
Recent Italian declarations plain-

ly implied a weakening of the home  
front compelled "vast revision"  
within the Fascist Party organiza-  
tion.

Mussolini already has removed  
more than a dozen high party  
members in recent weeks and re-  
placed a number of party secre-  
taries in key cities, according to  
reports reaching here.

Now, it is said, every party mem-  
ber is being subjected to new ex-  
amination, subject to exclusion from  
the organization.

RUSS HOLD INITIATIVE

Nazis Forced Back  
Before Soviet Drive

By HENRY C. CASSEY  
MOSCOW, May 28.—(AP)—  
The Germans are being  
forced back by the Soviet drive  
in the Izyum-Barvirovka and  
Kharkov sectors, the Russians  
declared today, indicating  
the offensive in the Izyum-Barvirovka  
sector, which has been in the hands  
of the Red army.

Premier Works  
On Conscription  
Debate Speech

By NORMAN M. MACLEOD  
OTTAWA, May 28.—(C.P.T.)  
Sources close to the government  
today indicated that Prime Min-  
ister, Mr. Mackenzie King will  
present a minimum of time in pa-  
liament during the remainder of  
the present week in order to de-  
vote himself to the preparation  
of the speech on the conscription  
bill to amend the National  
Resources Mobilization Act.

Parliament Hill circles recognize  
that on the speech depends whether  
the government is to survive the  
current political crisis.

That nearly 40  
of the 100 M.P.s from Quebec province  
failed to attend yesterday's govern-  
ment business session is evidence of the  
delicacy of the situation.

The total indicated by the anti-  
conscription forces is a substantial  
substantial C.C.F. and Social Credit  
support.

THIRD POSSIBILITIES  
The importance of next week's  
second reading stage of the mo-  
bilization bill is stressed by the fact  
that Mr. King will then be expected  
to state whether the amendments now  
being considered are in fact a subst-  
stantial minority bloc of anti-con-  
scription "die-hard" is not dis-  
missed as a mere tactical device.

Mr. King should take the first  
step and explain the bill as the  
last opportunity that parliament  
will have to discuss conscription  
before the bill is passed.

It is also likely that the second  
reading stage will still leave  
members of parliament before con-  
scription for overseas service can be  
enacted.

THIRD POSSIBILITY  
There is always the third possi-  
bility, namely, that he will leave  
the government's attitude on the  
matter indefinite, to be decided in  
the light of future circumstances.

## RECONSIDERATION IS PLANNED

## Ottawa Bill To Ratify Alberta Agreement Shelved

## Meets Strong Opposition In House Of Commons From Conservative Chief Hanson

OTTAWA, May 28.—(CP)—Resources Minister Crea's bill to ratify an Alberta government agreement with oil and lease-holders involving an increase in royalty rates has been placed temporarily on the shelf after meeting strong opposition in the House of Commons.

Conservative House Leader Hanson, Mr. Edwards (Lib., Calgary West) and A. H. Bruce (Cons., Saskatoon) led the attack in the house yesterday, as it began to rain.

They contended it was a violation of the contract entered into by oil owners when they obtained their leases, that it was legally questionable, and that by passing the bill parliament was playing an "open market" toward the Alberta government which could not obtain its ends alone.

YIELDS TO SUGGESTION

Near the close of the Wednesday sitting Mr. Crea yielded to the suggestion of Mr. Hanson that the bill be put aside for reconsideration of all aspects of its significance.

The Conservative house leader said he was not suggesting that the bill be dropped, but that it should be put aside for reconsideration of all aspects of its significance.

Under the proposed arrangement leaseholders can receive 12 1/2 per cent of the price of oil for a period of 10 years, and the maximum will be charged with 15 per cent.

Mr. Crea said the minimum will be five per cent.

Mr. Hanson said that Dominion leaseholders in Alberta should be paid a royalty of 12 1/2 per cent, by the proposed amendment, if they had approved of the agreement with the province.

In a telegram from Robert Wilkins, president of the National Petroleum Corporation Ltd., Calgary, Mr. Hanson said he had been informed that his opposition to the amendment was supported by Calgary oilmen.

Mr. Wilkins's telegram said that 19 large rotary drilling rigs, owned by independent operators, were now in use.

Mr. Hanson said that the passage of the bill in present form will be near approval to sabotage and must be effectively prevented.

Mr. Hanson said that in a letter to a newspaper last year, Mr. Wilkins had reported the price of crude oil was reduced from \$13.50 a barrel, field price, to \$12.50 in July, 1941. Drilling costs had increased.

VICTORY INSURANCE

Five or ten million dollars provided by our government for oil development could be the greatest victory insurance of all and should be considered at once, Mr. Hanson said.

Mr. Hanson said that the immediate restoration of the reported field price to a minimum of \$12.50 a barrel was urged by Mr. Wilkins, along with sufficient funds to drill 10 new wells needed to maintain production at 200,000 barrels daily.

Weather

THE WEATHER

Highest temperature during the 24-hour period, 30. Lowest temperature during the 24-hour period, 10. Rainfall during the 24-hour period, 0.00. Sun runs Thursday 5:30 a.m. to 8:45 p.m.

## New Passenger Conspiration Equipment Now Intended In C.P. Service At This Time

MONTREAL, May 28.—In order to maintain essential passenger traffic under wartime conditions, the Canadian Pacific Railway has taken the necessary steps to remodel certain types of passenger cars for present day requirements and to build as many units as possible, it was stated here by W. M. Neal, vice-president of the company.

Text of the letter, dated May 19 and addressed to H. Harvey, secretary of the Quebec East Liberal Association, was released by Edmond Trudel, president of the association.

## Premier Warns Buy Coal Now: Credit Likely

Continued from Page One

ration coal? How would it affect you? This staggering situation has arisen because of a combination of circumstances. Owing to the disarrangement of the rail structure, the capacity of Alberta mines to produce has been unimpaired and thus the output has been definitely limited. In fact, most of the coal mines are able to operate only a limited time during each year, and therefore our mines have been forced to remain unemployed for several months until the winter orders come in.

With the development of the national war effort, the demands for coal have increased. Alberta mines have been able to obtain an expanding market in the east and the federal authorities have shown a great interest in Alberta coal.

Recognition of the importance of Alberta coal resources to the national war effort.

Next winter the various forces creating these difficulties will be again met. We must anticipate them now, a real tragedy if it should be a terrible tragedy if our people found it impossible to obtain sufficient coal to meet the needs of the winter.

## Labor Party Votes Lift Britain's Ban On "Daily Worker"

LONDON, May 28.—(CP)—The Labor Party conference voted 1-24,000 to 123,000 today to urge the government to remove the existing ban on the Daily Worker, but rejected by 189,000 to 132,000 a resolution asking its own executive committee to lift a prohibition on cooperation with the Communist Party.

Publication of The Daily Worker, a Communist newspaper, was forbidden in January, 1941, on the ground it had printed material designed to foment opposition to British war effort.

ACT NOW

However, there will be a large number of persons and firms in a position to act now, and I urge these to place their orders for coal without delay. It is important that action forthwith.

You will not only be helping yourselves, but you will be making a valuable contribution to the war effort.

Finally I appeal to the press, the radio and all organizations to help in bringing the importance of this question to the notice of our people.

British Merchant Tonnage Exceeds That Of Last War

LONDON, May 28.—(CP)—Britain now enjoys a greater merchant tonnage than at any time in the last three years of the First Great War.

A. V. Alexander, First Lord of the Admiralty, said last night in speech reported by the British Broadcasting Corporation.

He said that the tonnage of the British fleet was now greater than at any time in the last three years of the First Great War.

## FINANCING WARTIME BUSINESS

During wartime financing a business presents many problems and The Bank of Toronto is helping many who are engaged in production of war supplies by lending them money to enable them to take advantage of discounts, purchase raw materials, carry adequate stocks, meet payroll and otherwise finance operations. We are ready to help you in all these ways. Write to discuss your requirements with us.

HEAVY DEMANDS

If housewives buy their coal now for next winter, the mines which are closed will open up, production will be kept at full capacity, and when winter comes they will be better prepared to meet the heavy demands—particularly from the growing public market.

Owing to the difficulties of storing coal, the problem of transportation, the mines are not in a position to meet the demand by producing a reserve of coal during the summer. The dealers are not equipped to build up the necessary reserves. Only the consumer can deal adequately with the problem, which is looming. In real crisis which is looming.

REPAIRED LOSSES

Rommel has repaired the losses suffered in the previous campaign and has been reinforced extensively. The Germans made careful preparations for the attack. The day and night pounding of Malta from the air kept the British occupied there, while under cover of the attacks the Germans sent out their submarines to the coast.

These preparations, added to the fact that the Germans attacked in the winter, when the weather is so bad, indicate that the campaign is regarded as of prime importance. It is the very last battle before the extremely difficult but not impossible, despite popular belief, to capture the island of Malta.

It is the very last battle before the extremely difficult but not impossible, despite popular belief, to capture the island of Malta.

## Messina Is Again Bombed By R.A.F.

ROME (From Italian Press)—Messina was bombed last night, the second in succession, the Italian high command said today.

The British planes attacked the city from the high command said today. It reported there were no civilian casualties.

## U.S. Stands Ready Supply Men, Arms For Europe Front

LONDON, May 28.—(CP)—Lt. Gen. H. H. Arnold, Chief of the United States Army Air Corps, said today that the United States stands ready to supply "men and materials on a large scale to a European battlefield" despite large commitments in Australia and India.

He said these movements of men and supplies could be accomplished despite the shipping shortage, and added that one of his main tasks in Britain would be to carry out "coordination of British and American fighting equipment to the limit."

## WOULD REVOKE RIGHTS OF DELINQUENTS

# Legion Demands Penalty For Failure To Use Franchise

## Convention Also Urges Extension Living Bonus To All Canadian Workers

By MARSHALL BATEMAN

WINNIPEG, May 28.—(CP)—The Canadian Legion, British Empire Service League, issued a call yesterday to every citizen in the Dominion to exercise his or her franchise in devotion to the democratic system of government.

Delegates at the ninth biennial convention passed a resolution urging that those who do not exercise their franchise be penalized by fine or temporary loss of voting rights, or both.

In passing more than 60 resolutions, the Legion asked extension of the cost-of-living bonus to all Canadian workers and approved the Wartime Prices and Trade Board "ceiling" on consumers' goods.

The convention, which will continue today, recommended that display of signs on highways or public property or distribution of printed matter discriminating against citizens because of race or creed be made an offence. Such display or distribution, the convention held, causes disunity "desired by the enemy."

### RACIAL DISCRIMINATION

The Legion also urged that there be no racial or religious discrimination manifested against British subjects seeking employment in government subsidized industry or government contract work.

Burler, Alex Walker of Calgary and the executive of the Dominion command were re-elected for another two-year term.

Dealing with the Legion's war services, delegates asked the federal government to place control and supervision of expenditures by auxiliary branches in the department of national defence.

### BOARD UNNECESSARY

The present advisory board of the department of war services, necessary and expedient, officials declared.

Brig-Gen. Alex Ross of Yorkton, chairman of the Legion's war services, and Hugh Parkin of Calgary, a director, both charged that the advisory board, which they said was made up of 15 "public" citizens,

had stepped beyond control of the government expenditures to threaten its management.

Resolutions on affairs of veterans of the First Great War and the present war, asked:

That steps be taken to ensure qualified ex-service applicants for civil service positions be given the statutory preference on a merit system and not on a "patronage system as at present."

That pensioners of British reservists domiciled in Canada have their cases reviewed by the federal government.

That cigarette sent to men on coal-bound ships of the Royal Canadian navy, and men travelling to and from troops, be the same price as cigarettes sent to overseas forces. That cigarettes and tobacco for overseas cantons be duty-free.

### STATUTORY RIGHT

Numerous resolutions approved regarding "dependency" allowances urged the Dominion governments to grant allowances as "a statutory right" to all dependents of men in the armed forces.

Among miscellaneous resolutions was one asking that every effort be made to have provincial governments institute compulsory teaching of the English language in all schools.

An increase in pay for special constables of the Royal Canadian Mounted Police is sought in another.

### Police Are Probing Violent Deaths Of Farmer, Daughter

SASKATOON, May 28.—(CP)—Police yesterday continued their investigation into the death of Adam Mackovic, 37-year-old farmer, and

### Funny Business

"Now memorize this prescription and get it filled at the corner drug store!"

## Permit Required For Export Of Wheat Products

OTTAWA, May 28.—(CP)—Trade Minister Mackinnon announced yesterday that effective on and after June 1, wheat germ and wheat germ middlings, oil groats or bulled oats, oil middlings, oil shorts and animal feeding will require an export permit from the trade and commerce department before being exported.

Lamp and lantern chimneys of glass, demijohns of glass, carboys, bottles, decanters, flasks, phials and balls of glass will also require an export permit.

His 31-year-old daughter on a bush farm near Glazby in northern Saskatchewan. Police report that the daughter was stabbed to death, the slayer using a large butcher knife. The father's body was found hanging in a farm building. Mrs. Mackovic, the mother, is in hospital at North Battleford, suffering from knife wounds.

The deaths occurred last Monday. Hunters are called "nimrods" because of Ham's grandson, Nimrod, being referred to in the Bible as a "mighty hunter before the Lord."

## REDUCE AGE LIMIT

## 25 Per Cent. Increase In Pensions For Aged Asked At Conference Of Mayors

OTTAWA, May 28.—(CP)—The Canadian federation of Mayors and Municipalities, now holding its fifth annual conference, yesterday adopted resolutions concerning unemployment relief costs, old age pensions, air raid precautions, the Unemployment Insurance Act as it relates to municipalities, and other matters.

Discussion on a housing resolution was postponed pending a report from three delegates who interviewed government officials on the housing situation generally.

Mayors J. W. Corbett of Vancouver, John Quinn of Winnipeg and Adhemar Raynault of Montreal, met a sub-committee of the House of Commons war expenditures committee to discuss the wartime housing situation in the Dominion.

The delegation was scheduled to report to the conference Thursday.

The conference meanwhile adopted a resolution that federal authorities be asked to take full responsibility for unemployment relief of employable and that provincial governments be asked to shoulder the same burden with regard to permanent unemployed. The resolution asked municipal responsibility should be restricted to the relief of the temporarily indigent.

### SOCIAL PROBLEMS

In support of the proposal it was urged Canada was the only British Dominion which did not accept as a federal responsibility the care of unemployed and other social welfare responsibilities.

The conference also decided to request the Dominion government to preserve the exemption of municipal corporations and their permanent employees from provisions of the Unemployment Insurance Act until and unless the act is broadened to care for all unemployment distress or the municipalities are otherwise relieved of that duty.

In another resolution the Federation proposed asking the Federal government to consider in-

## 'Lion' Armed Norse Vessels For Dash To British Port

LONDON, May 28.—(CP)—"The Lion"—Bryan Reynolds, 32-year-old soldier of fortune and former racing stable manager—secretly armed 11 Norwegian ships which attempted to run the Shaggyrack last night to bring valuable shipping to Britain.

Officially, little has been said about the adventure. The number of vessels putting in at a British port is a military secret. It is known, however, that two were sunk, some were scattered and others were forced to return to port.

First mention of "The Lion" about one of the vessels which successfully ran the gauntlet, was made at the trial of two Norwegian sailors, forced to put back to Sweden. They admitted they received arms from Reynolds and this was confirmed by seamen who reached Britain.

The conference also urged that municipal authorities be responsible for aid precautions they should be given authority to enforce protective measures and regulation necessary services in case of emergency. It was proposed to ask the government to review the A.R.P. position in areas declared by authorities to be non-vulnerable.

K. M. Cameron, chief engineer war the Federal department of public works, addressed the Federation on the problem of urban post-war reconstruction.

He warned that "the post-war boom, even if it occurs, will probably be of very short duration, and the post-war recession will in all probability develop within a year or two of the end of the war."

## Winnipeg Chinese Using Badges To Identify Selves

WINNIPEG, May 28.—(CP)—Lest Canadians mistake them for Japanese, Chinese here have adopted an identification label badge. The badges are white, topped by a blue V, and bear the crossed flags of Canada and the Chinese republic and Chinese characters symbolizing "Victory." Around the lower rim of the button is written the word, "Chinese."

A bushel of soybeans produces approximately 40 pounds of soybean meal.

## Valley Drilling Hits Low Point

CALGARY, May 28.—(CP)—Drilling in Turner Valley was at its lowest point in months during the last week with only 40 rigs being drilled compared with 24 with previous week and 35 a month ago.

This week's reduction was accounted for by suspension of one well and completion of Home Millerville 11. At the same time no new wells were spotted in to make up the difference.

Nine wells were reported by the Alberta Petroleum and Natural Gas Conservation Board to be "standing," accounting for most of the balance of the decline in activity.

The province's daily petroleum production during the week ended 8 a.m. May 25 averaged 28,560 barrels, compared with 28,540 the previous week and 26,640 the corresponding week last year, according to the conservation board report.

This was obtained from 189 wells in Turner Valley and 27 in other fields. This represented an increase of one well in the Valley where Drilling and Production 2 was reported giving an initial production of 10 barrels daily. It was still being tested along with Home Millerville 11, the new completion.

rene Court of British Columbia. The liner's commander saw his ship when he left Singapore for Batavia, a week after the Empress had been abandoned in flames.

"There was nothing left but twisted metal, but she was floating," he said in an interview.

## Quality Guaranteed

# "STILL RA" TEA

# PROTECTION... of the people... by the People

FEED: Insurance companies are operated for the people, aren't they?  
FRANK: Yes, with over four million men and women holding policies life insurance has become Canada's greatest co-operative business. Over 95% of all policies are for \$5,000 or less. Over a million Canadian families come within this huge circle of protection.

FEED: Do many people now have to be convinced that it's a good way to save?  
FRANK: No, most people prefer to save with insurance because its regularity "makes them save," as they say. And for safety, the last war, the flu epidemic and the depression proved how anywhere insurance stands up and always pays a hundred cents on the dollar promptly.

FEED: I've heard that insurance investments total two and a quarter billions. What happens to all that money?  
FRANK: In peacetime, it's put to work all over the country, financing homes, farms, highways, schools and industry generally. You can't look anywhere without finding life insurance dollars at work, making jobs for more people.

FEED: But what have they been doing since the war started?  
FRANK: Man, that's a real story. Insurance policyholders have a larger investment in war loans than any other group in the country. They've put 300 million dollars into Victory Bonds—enough to build 12,000 Spitfires.

FEED: I've heard that life insurance helps to curb inflation. What does that mean?  
FRANK: Well, inflation is caused by people with too much money to spend and too little to spend it on. By buying only real necessities and saving for Victory Bonds and life insurance, prices are kept down and our war effort increases.

FEED: Is life insurance still doing its main job of protection?  
FRANK: It is, and always will. Bill Smith's widow continues to be looked after. Tom Jones has his money for his old age. Half a million dollars every working day is paid out in Canada to living policyholders or their families.

## "In wartime as in peacetime, life insurance money is the people's money working and fighting for the people"

More Canadians than ever before are turning to life insurance. The amount of protection held by the people of this country to safeguard the future security of themselves and their families has steadily increased. There has been at the same time a persistent decline in lapsed policies. These facts reflect growing public confidence and satisfaction in life insurance performance.

I can properly report another twelve months of successful administration by the forty-eight life insurance companies in Canada—British, United States and Canadian—members of our Association. We are stewards of the interests of over four million Canadian men and women and our business affects the whole economic life of the Dominion. The operations of our member companies have been conducted in the people's interest with full consideration for individual policyholders and beneficiaries which has characterized this co-operative business of life insurance.

It is nearly three years since the war began. In that period, reflecting the patriotic spirit of policyholders, life insurance companies operating in Canada have been the largest subscribers to the Dominion's war loans in which they have invested over 300 million dollars. During that period, carrying out the terms of our policies, we have returned nearly 500 million dollars to Canadian policyholders and beneficiaries—five hundred thousand dollars every working day to relieve distress, comfort old age, tide over emergencies. Moreover, life insurance premium dollars, saved out of current income, have been a factor in curtailing unnecessary buying. They have thus assisted in curbing inflation.

In wartime as in peacetime, life insurance continues to be a mainstay of private and public life. Never has it been more emphatically a business of the people's money, working and fighting for the people.

—G. W. BOURKE, President,  
at the 40th Annual Meeting of the Canadian Life Insurance Officers Association, May 28, 1942.

# Today's Sport Parade

By Jack Guenther

NEW YORK, May 28.—(AP)—A zoological experiment of more than usual interest will be conducted today when the human equivalent of a panther and a turtle are pitted off in Madison Square Garden.

Ray (Sugar) Robinson, unconscious king of the welterweights, meets Marty Servo, unconscious king of Ray (Sugar) Robinson. Animal lovers are expected to turn out in full force.

The bout is the second in which the two enterprising young men have engaged and it is one of those grudge fights. Last time they met Robinson won the verdict but lost a number of admirers. The decision was split. The cash customers booed it and Servo despised it. Hence, a rematch was all but inevitable and the prize fight match is quite grateful. It figures to be good.

Sugar isn't happy about his fate. He did everything he could to avoid it. He was mugged more than a little in the first fight and he exhausted every stock alibi of the trade attempting to avoid a second edition of time. He hasn't forgotten Servo's annoying habits and he knows that this time he must win by a decisive margin or he will be booed again.

One of Greatest Small Men

THE hot-footed Harlem flash, who is the panther in this particular case, is probably one of the greatest small men the ring has known. The allusion has been over-worked, but he actually does move and strike like a panther. He has the lazy, easy grace of a magnificent cat. When he decides to strike, he hits harder than a sudden case of acid indigestion.

Robinson has all the natural attributes, save one. At an even six feet he is just a trifle too tall to adapt himself to every type of opponent. He is fast and he is smart but his physique has made him essentially a stand-up, slug-bang slasher who is at his best against a stand-up, slug-bang opponent. In such cases, his terrific punch gives him all the edge.

But every stand-up fighter, even the great ones, eventually finds himself confronted with a style patterned to his greatest disadvantage, a Servo, for instance. Servo is a duck, a boober and a croucher all in one. As such he creates a great deal of havoc over the course of an evening. He is more puzzling than a woman's intuition and just as lethal.

Servo Just Like a Turtle

SERVING is the turtle to today's experiment. On the street, in his dressing room or on a coast guard vessel he appears perfectly normal. But once the bell sounds and he starts for the centre of a ring he becomes transformed. He crawls out of his corner as slow as a crab and through some queer assortment of convulsions retreats within himself in the best turtle manner.

He dives in his arms and he lowers his head. He squats almost to his knees and he shifts the centre of gravity to somewhere around his ankles. He is harder to knock over than a barrel of pickles and his triple-ply shell is as difficult to penetrate as a longhorn's picket line. His nuisance value is unlimited, because he happens to be quite a puncher himself.

These facts have the customers chewing their fingernails so nervously that in the past at least two of them chipped their teeth on their rings. The experts are divided as well and they can come to no ready agreement. Some say Sugar has gained experience and will score early this time around. Others say Servo, like cement, grows tougher as he grows older and will again endure.

Sugar's Height a Disadvantage

THESE are many angles. Robinson has somewhat brittle hands and they will be benefited by chipping away at Servo's chrome else. Sugar is the faster of the two, but Servo isn't slow. Then there is the factor of size. Robinson is at a disadvantage every time he un- winds with a looping punch because he must land his blow down at a 45-degree angle.

Sugar is six inches taller than his warring rival under the best of conditions. In the ring, where he has a head start, he begins his queer war dance, Robinson is almost two feet taller. Accordingly, he must crouch down rather than punch straight. In doing this he loses important leverage and a good bit of the punching power that he usually has.

Since Robinson never has been defeated and Servo was beaten only by Robinson in a disputed decision—their second meeting packs up much potential drama as a gallon jug of whiskey. No matter who wins, the show should be a four-star knockout. If you insist on a tip, take this one from Servo—"Sugar," he says, "is mighty sweet, but so is revenge."

Fat Freddy Likely Good Coach

FITZSIMMONS Gets Credit

Furnishing Spark To Dodgers

NEW YORK, May 28.—(AP)—Last Sept. 11 a battered, bewildered and slightly panicky bunch of Brooklyn Dodgers rolled into St. Louis for a three-game series with the tenacious Cardinals.

The Brooklyn jugs dropped a doubleheader to Chicago Cubs, and the defeats had sliced the Dodgers' lead to one game and one. And a one-game lead at that stage of a race is nothing to lean back and coast on.

The Dodgers just had to win that one, and Leo Durocher knew it. So he called on old fat Freddy. And when the hectic afternoon was over the Dodgers were leading by three games and again were looking like cocky selves.

Old fat and Freddy Fitzsimmons, and we like to think that game was one that told more than any other just the kind of pitcher he was. The kind of pitcher who had what it took when he had to have it.

Durocher's faith in the short, stout, broad-shouldered chucker, a tribute to those traits that will make old fat Freddy a bang-up coach, was just inspired by the fact that the type of fellow will listen in respectfully.

Always alert and with more zip than most pitchers, he's the fat, fat Freddy who's the kind of coach the Dodgers on their team.

The Brooklyn scene wouldn't be quite the same without the big fellow.

Cornwall Quits Quebec Lacrosse

MONTREAL, May 28.—(CP)—Cornwall Express has withdrawn from the Quebec Lacrosse Association after being told at a meeting of the association here Tuesday night. Transportation difficulties were given as the reason.

President J. A. Morley, said Cornwall intends to play in the Cornwall district and has asked to be allowed to compete in the Q.L.A. tomorrow.

Three Montreal teams now remain in the league, Canada, Lehigh and Beauport.

16 Survivors All Tops

One-Sided Scores Feature Play In Pro Golf Tourney

ATLANTIC CITY, N.J., May 28.—(AP)—Sammy Snead put the crusher on Sammy Byrd more or less as scheduled and Cpl. Vic Ghezie, the defending champion, found his uniform no protection Wednesday as the Professional Golfers' Association championship moved through the opening set of 36-hole matches at the Seaview Club.

Included in the list of 16 survivors were all the really top contenders. Ghezie's defeat at the hands of Jimmy Demarest of Detroit was not unexpected, as Vic has been too busy in recent months learning the manual of arms. Keep his golf game in tune. He went down 4 and 3.

Snead Nelson of Toledo literally tossed with Harry Nettieball, of Avon, Conn. He disposed of Harry by a score of 8 and 3. Ben Hogan of Henry, Pa., considered the man to beat after Nelson, trimmed Ben Loving of Long Beach, Mass., 7 and 6.

By Laydon of Miami, Okla., who retired from steady competitive golf several years ago to clip oil coupons, shot the hottest golf of the day, eliminating Vic Bass of Kankakee, Ill., 12 and 11.

Harry Cooper, the medalist, shot his usual golf to down Mike Thurman 3 and 1. Craig Wood, the United States open champion, subdued Red Monday of Toledo, 5 and 4.

Cpl. Jim Turney bounced F. J. Duluth Harrison 8 and 5. Harry Cooper, the medalist, shot his usual golf to down Mike Thurman 3 and 1. Craig Wood, the United States open champion, subdued Red Monday of Toledo, 5 and 4.

Sports ... Roundup

NEW YORK, May 28.—(AP)—Baseball's big wartime Test may be the twilight All-Star game here July 4. If that doesn't draw the ball club, they will figure on going on a week-end basis for the duration. So far the customers have been turning out in great numbers on Sunday from the Army-Navy Relief games have pulled them in week-days except in Brooklyn. Cleveland out to beat the Dodgers here after a big newpaper build-up, drew only 1,500 last Monday and St. Louis drew the last same.

Fred Hunter, the Red Sox scout, reports that college ball players are getting too good at figure skating to turn out in numbers. They heard about the bonus Dick Wakefield got for signing with the Pirates. Recently one kid he approached demanded \$15,000 for his signature. The boy explained: "Well, the Detroit Club gave Wakefield \$45,000 and I think I'm a third as good a ball player as he is."

Down at the G.A. tournament Cpl. Vic Ghezie encouraged Sam Byrd to go for nothing.

## Pitchers Allow Only Five Bingles

Dodgers squeezed out a 1-0 win over Hornets in the second scheduled fixture of the Edmonton Senior Baseball League at Renfrew Park on Wednesday night.

The struggle was very bit as close as the scoreboard said, with Ed Nordstrom and Jack Tennant putting on exhibition high-class mound performances.

The former city junior league gave up only a brace of hits in the abbreviated game and struck out five, while Truett, of Leithbridge Maple Leaf hockey team looked exceptionally good in the box, sending eight Dodgers back to dugout on strikes and yielding just a trio of safe bingles.

Both clubs were burning their over last night and it soon became evident that runners were going to be hard to accumulate, for the pitchers were getting good backing from their batsmen.

The infield however was on the heavy side and this condition was directly responsible for the minor bobbles.

It was the first appearance of Manager Al. Bertram's Aircraft Repair boys and they certainly gave every indication of being able to do things in this league.

As a matter of fact they shape up as being just as smart a ball club as their uniforms are alazy and it is now quite evident the future are going to see lots of good baseball down below the hills.

Cal Pickles' Dodgers were on the hit and although they had considerable difficulty in locating any soft spot in Ten Tennant's armour, they made up for lack of hitting by turning in a good defensive game and twice when danger threatened came up with a fast double.

NORDSTROM STARTS WELL

Mike Nordstrom, first man up for Hornets was retired on strikes by Nordstrom, but Cheat Tennant came up with a single. Dan Hunkler walked one out to left field, giving Dick Noun the first of four chances for the night and Dick came through after a hard run.

Incidentally this boy Noun is one sweet outfielder, his work out both Bill Bertram was second strike-out victim of the inning and the Hornets threat was over for the time being.

Jack Tennant also got lucky on the right spot by whiffing Noun, but he gave a walk to Lou Guyton and then he was retired by Nordstrom. He made up for lack of hitting by turning in a good defensive game and twice when danger threatened came up with a fast double.

For the rest of the season Tennant was retired on strikes by Nordstrom, but Cheat Tennant came up with a single. Dan Hunkler walked one out to left field, giving Dick Noun the first of four chances for the night and Dick came through after a hard run.

## Jack Newhouse Again Winner Of Handball Title

Finals of the Y.M.C.A. city handball championship pits have been played off with Jack Newhouse several times champion, winning in four straight, competing in doubles play resulted in a victory for the Stanton-Hall team. Will McLean finished on top of the secondary bracket.

Twenty-six players participated in this annual event with 24 entries in singles and 10 teams of doubles. Losers in the first round of singles automatically took positions in the secondary bracket.

The Stanton, Fremont, and Dunsmuir trophies were awarded to designated winners. Small permanent trophies were presented to all winners and runners-up. The tournament was conducted by the Y.M.C.A. handball committee headed by John McCleary, chairman.

Those participating were: W. A. Bull, H. L. Richard, G. Gribble, A. Crockett, E. Wais, G. Schult, J. McCleary, W. Mellor, A. Kramer, D. McAllister, W. Schwegel, G. Doherty, F. Luck, A. Knebel, A. McCleary, M. Palmer, C. Fyatt, R. Langer, A. Johnson, J. Newhouse, J. Fremont, J. Berry, P. Hargis, W. McLean, J. Green, and H. Merrick.

Bob Grove, Jr., son of the famous left-hander, is pitching varsity ball as a freshman at Washington College.

Seven In Row New Yorker

'Tiny' Bonham, Yankee Ace Is Potential 30-Game Winner

NEW YORK, May 28.—(AP)—The most coveted pitching goal in the major leagues is 30 victories in a season. It is much more valuable, and a whole lot more difficult to obtain, than a no-hitter.

The feat hasn't been accomplished since Dizzy Dean had his great season for St. Louis Cardinals in 1935 and it hasn't been done in the American League since 1931 when Robert Moses (Lefty) Grove won 31 for Philadelphia Athletics.

After Bob Feller traded his baseball for a navy uniform in the winter there didn't seem to be a pitcher anywhere with even a remote possibility of gaining the pinnacle this season—or next, either.

Yet Ernie 'Tiny' Bonham, big right-handed ace of New York Yankees, apparently has found the right trail and his chances look about as good as Feller's ever were. The crowd at Yankee stadium, where he hadn't been scored upon all season, was hoping he would get his fifth out of the season, but he pitched an expert seven-inning ball game without allowing a single walk.

The big fellow is no strikeout specialist such as Dean or Grove or Feller, but his 'forkball' is something the opposing batters usually put up and he is controlling it amazingly. In the seven games he has pitched this season he has walked only five batters.

He may not win 30 games, because there are only 24 weeks in the season and he may not work often enough. But with a control like the world champion behind him he is not likely to lose many games and at present he is right on the beam—approximately one fourth of the way in approximately one-fourth of the season.

The Yankees gave Bonham a five-run boost in the sixth inning yesterday, three of the runs coming on a sacrifice by Tony Lemaire. This enabled the champion to pitch to their 16th victory in 1942, a 10-1 triumph over the Boston Red Sox.

Calvin Harty (1) and Wagner Bonham and Roster.

**WHITE SOX OUTLINE INDIVIDUALS**  
CLEVELAND, May 28.—(AP)—Pitcher Jim Bagby last night clinching a home run for Cleveland White Sox, but Chicago's relief pitcher Joe Nathan proved the hole in the White Sox defense.

White Sox pitcher Jim Bagby pitched a five-inning ball game, but Chicago's relief pitcher Joe Nathan proved the hole in the White Sox defense.

**BROWNS OVERPOWER TIGERS**  
ST. LOUIS, May 28.—(AP)—The Browns' pitching staff today showed signs of revived batting power. St. Louis Browns gave adequate hitting support to Johnny Niggeling yesterday for a 5-2 American League victory over Detroit Tigers.

**RED SOX CHASE NEWSOM**  
WASHINGTON, May 28.—(AP)—Baltimore Red Sox fielded a Washington Senators team which was scattered here as Boston Red Sox, winning the Senators, 10-1 last night. The first night game of the season at Washington attracted 1,600 fans.

**NATIONAL LEAGUE**  
BOSTON, May 28.—(AP)—Catcher Dickey Jones, New York Yankees, in the sixth inning yesterday and stopped the Yankees' offensive for three runs. He had been hit by a home run by Mickey Vernon, who had been hit by a home run by Mickey Vernon, who had been hit by a home run by Mickey Vernon.

**PRIVATE DEFENSE COLLAPSES**  
PITTSBURGH, May 28.—(AP)—Pittsburgh Pirates fell apart at the season Wednesday, three errors cost them a 10-1 defeat.

They Are Americans

Two pretty famous Americans shake hands during celebration "I Am an American Day" in New York's Central Park. Left, John D. Bulkeley, left, Navy torpedo boat hero, greets Pie, Joe Louis Barrow during patriotic ceremonies attended by more than 1,250,000 New Yorkers.

Joins Bespectacled Brigade

Mel Harder Uses Cheaters—Shouldn't Miss Signals Now

CLEVELAND, May 28.—(AP)—Move over, Bill Dietz, Dizzy Trout and Walter Masterson. Mel Harder, the Cleveland curve ball artist, is joining the brigade of the bespectacled pitchers.

He missed so many of his catcher's signs, and the plate was so dim in a night game at St. Louis two years ago that Mel decided to do something about it.

The time came Tuesday night against Chicago White Sox.

The 32-year-old hard-throwing pitcher, who has been in the big leagues since 1914, was in his 10th year when he decided to do something about it.

"I might as well take off these glasses," he said. "I'm still the guy who loses ball games, 1-0."

But it didn't happen. The Indians pulled for two runs and Mel's third victory against three losses—two of them by heart-ache—10-1.

"I couldn't pitch at all at night without them," Harder commented yesterday. "I knew if I didn't wear them I would be able to see anything because of my astigmatism."

Now he has removed the glasses, proof and plans to try them in a day game.

That makes two new things about Harder. During the winter he underwent an elbow operation which seems to have restored the old zip to his pitching arm.

**Softball Tonight**  
Last night's softball game at Kingsway Park was "weathered" out for the second successive evening.

Manning Depot is scheduled to meet the Moose this evening at 7:30 and Friday's senior men's fixture is between Centrals and Aircraft.

Portage-Leaf Series Pays \$2,355.90

C.A.H.A. Nets Total Of \$39,596 From This Year's Hockey Playdowns

PORT ARTHUR, May 28.—(CP)—Frank Sargent, president of the Canadian Amateur Hockey Association, in a report issued Wednesday night said hockey playdowns during the 1941-42 season netted the C.A.H.A. \$39,596.

Of the total, \$24,718 has been distributed in prize money to participating clubs, leaving the association with a sum of \$14,878.

With 56 senior games and 44 junior games played in the C.A.H.A. playdowns, Sargent reported that games contributed \$26,008 to the total.

The report showed that the five-man Allan cup final series between Port Arthur Bearcats and Ottawa R.C.A.F.M. cleared \$13,318, or better than the entire proceeds from the western playdowns.

The Memorial cup junior finals between Portage la Prairie Terriers and Ottawa Generals brought in \$4,832.

The most active club in the playdowns, the Port Arthur Bearcats, collected \$1,580 in C.A.H.A. bonuses, the top share in the junior division, and Ottawa Generals, the busiest team, collected \$900.

Receipts for the Allan cup final series totaled \$2,978, expenses \$1,410, leaving a surplus of \$1,568. For the Memorial cup final the receipts were \$10,800, expenses \$6,132, leaving a surplus of \$4,668.

Special financial obligations assumed by the C.A.H.A. for 1941 including grants to eastern and western branches, totaled \$19,000. The report also showed that the association spent approximately \$13,000 for railway transportation of which \$1,800 was government tax.

**FIGURES FOR THE PLAYDOWNS**  
Senior Westerns  
Port Arthur vs Winnipeg Navy (4 games): receipts, \$2,358.80; expenses, \$2,500.20; deficit, \$141.40.
